

Community Solar Gardens

THE FUTURE OF MINNESOTA CAN BE RESHAPED THROUGH COMMUNITY SOLAR GARDENS' RENEWABLE ENERGY.

OUR GOAL:

"TO ACTIVELY PROMOTE, PROVIDE, AND ENCOURAGE COMMUNITIES TO GET INVOLVED WITH AND PARTICIPATE IN TAKING STEPS TO A MORE ENERGY RESPONSIBLE FUTURE."

BENEFITS OF COMMUNITY SOLAR

- Adding Infrastructure for Renewable Energy in Minnesota
- Lower up-front costs due to economies of scale
- Guaranteed electricity price. Avoid future increases
- Avoid carbon emissions
- Anyone can participate. Affordable: Subscriptions as small as 200Watts
- Convenient:
 - o ease of purchase - no installation
 - o access to tax benefits
 - o Operations, Maintenance, and Insurance covered by CSG company
- Ultimately Building Sustainable Communities
